Amazon T-Levels

available at
amazon.co.uk

basic layout of website showing assets and first style of code. basic css and general layout from our design

changed nav bar to a vertical option to improve complication with putting text in middle

HomeAbout usContact usEnrollLogin

Email address:

Password:

```
<?php
require_once "assets/navi.php"
?>

<div class="text_box">
  <form method="post" action="">
    <div class="label">

      <label for="email"><strong>Email address:</strong></label><br>
      <input type="email" name="email" id="email" placeholder="Email" required>
      <br><br>

      <br><br>
      <label for="password"><strong>Password</strong>:</label><br>
      <input type="password" name="Password" id="Password" placeholder="Password" required>
      <br><br>

    </div>

    <div class=submit>
      <input type='submit' name='login' value='login' />
    </div>

  </form>
</div>

</body>
```

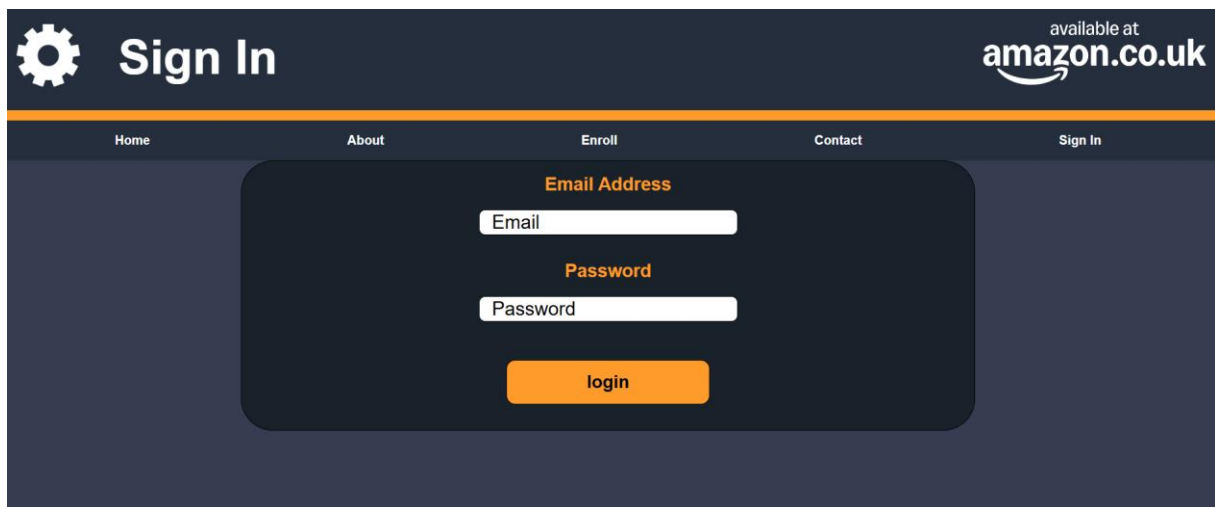

added more pages to the website login and contact with basic css implemented too.

changed icons to give a more professional look also improved css to improve website readability

CSS improved to give a more modern look.

Final css touches. Implemented all pages in our design and an ai template
